

CABLEMOUNT SERIES

Rugged, all metal cable type isolators offer excellent shock and vibration protection in hostile environments.

APPLICATIONS

- Shipboard navigational, fire control & communications equipment
- On/Off road vehicles
- Motor/Generator sets
- Extreme temperature environments, such as engine compartments

FEATURES

- All-altitude mounting
- Fail-safe design
- Available in a wide range of sizes and load ranges for most applications
- High damping

BENEFITS

- Performs efficiently without material degradation in hostile environments
- Ideal for use in high temperature and/or under corrosive conditions
- Many custom versions are available
Consult factory for more information

LOAD RANGE

- 11 styles to accommodate up to 1,500 lbs. per mount

Cablemounts are designed to perform efficiently without material or performance degradation in extremely hostile environments. They are operational under wide extremes of temperature ranges and resist chemicals, oils and abrasives.

Specifications

• Natural Frequency	10-20 Hertz
• Transmissibility at resonance	3.5
• Resilient Element	Stainless steel cable
• Standard Materials	Aluminum mounting bars

Environmental Data

- Operating temperature ranges of -400°F to +700°F (-240°C to +370°C).
- Applicable to military standards of MIL-STD-167 (vibration), MIL-S-901 (shock) and MIL-E-16400.
- Resistant to dust, oils, oil-based solvents, salt water and sand.
